

1. Cables

- Possibility of smaller cable for LAC power and arduino was investigated - conclusion is to keep the original 20AWG cable originally specified and find a suitable connector to go with it.

2. Acceptance Test Procedure

- Draft lab ATP for comment
- ATP distributed for review/comment at next meeting.
- When developing, NB to include the methods by which these various aspects will be tested.

3. Items ordered

- Filters have arrived in SA.
- i7 mini-desktop PC has been ordered.
